Subject  
Suspension letter CE-325

Dear Mrs Purwadinata,

In the second half of 2019 EDMi Ltd., Singapore., applied to NMI for approval of its quality system for conformity assessment for Active Electrical Energy Meters according to conformity assessment procedure module D of the Directive 2014/32/EU. An initial assessment was performed on 17 September 2019 at the premises of EDMi Ltd. to verify compliance of the quality system with the criteria of the directive. On basis of this assessment NMI approved the quality system with certification number CE-325 on 17 October 2022.

On 16 September 2024 we received a letter in an email in which you mentioned that at this moment you don't have any meters for production at the production site in Indonesia. Therefore, you requested a suspension of the certificate.

Due to the abovementioned reason the Certification Board of NMI Certin B.V. has decided to suspend your module D certificate for a period of 6 months from **4 October 2024 until 4 April 2025**.

To allow this suspension we need to perform an audit. Our lead assessor will contact you to schedule a date for this audit.

At the end of the suspension, you will have two options:

1. Withdrawal of your certificate if no audit is scheduled and performed before 4 April 2025;
2. Perform an (on-site) audit when you want to continue/activate your module D certificate.

Please be aware that you are not allowed to place instruments on the market with CE[M24]0122 (in 2024) or CE[M25]0122 (in 2025) metrology markings in the EU market until your Module D certificate is active again.

According to Annex D item 7 of the directive, NMI shall inform its authorities and ask them to inform the Member States of the EU about its decision.

If you have any questions, please don't hesitate to contact Mr. Schmidt, Head Certification Board.

With kind regards,  
NMI Certin B.V.

M.Ph.D. Schmidt  
Head Certification Board
