23 December 2019	Letter of 18-12-2019	CCB-CE-103-FB-SB

Subject
Cancellation of CE-103

Dear Mr. Steinbrenner,

In 2008 Aerzener Maschinenfabrik GmbH applied to NMI for approval of its quality system for conformity assessment of gas meters according conformity assessment procedure D of the Directive 2014/EU/32. An initial assessment was performed on 21 and 22 July 2008 at the premises of Aerzener Maschinenfabrik GmbH to verify compliance of the quality system with the criteria of the directive. On basis of this assessment, NMI Certin B.V. approved the quality system with Certification CE-103 on 15 July 2009.

On 18 December 2019, you have sent us a letter in which you state that you would like to withdraw your CE-MID certification due to the fact that you do not plan to sell measuring devices according to module D.

In reply to the abovementioned, the **board decided to cancel the certification CE-103 of Aerzener Maschinenfabrik GmbH**. According Annex D item 7 of the directive, NMI shall inform its authorities and ask them to inform the Member States of the EU about its decision.

As result of this decision, it is not allowed for Aerzener Maschinenfabrik GmbH to place instruments on the market with reference 0122 to the CE marking after 24 December 2019.

If you have any questions, please do not hesitate to contact me.

With kind regards,
NMI Certin B.V.

Mrs. F. van Booma-de Smit
Managing director
