Subject
Withdrawal of CE-136

Dear Mr. Caimi,

On 23 February 2021 we sent you a letter regarding the temporary suspension of your module D certificate CE-136. This suspension lasted until 7 May 2021. We informed you that a new audit needed to be scheduled in order to proceed with your module D certification after 7 May 2021.

On 8 June 2022 my colleague, Mr. Yvo Vermeul sent you an email with the request to respond to him before 14 June 2021 with a date and location for an audit, otherwise the module D certification could be withdrawn.

Due to the fact that we haven't heard from you since, we conclude that you no longer want to be audited by our company. The Certification Board of NMI Certin B.V. decided to withdraw your module D certification with number CE-136 as of 10 January 2022.

According to Annex D item 7 of the directive, NMI shall inform its authorities and ask them to inform the Member States of the EU about its decision.

As result of this decision, Itron Italia S.p.A. is no longer allowed to place instruments on the market with reference 0122 to the CE marking after 10 January 2022

If you have any questions, please do not hesitate to contact me.

With kind regards,
NMI Certin B.V.
