Subject
Cancellation of CE-169

Dear Mr. Fumagalli,

In 2011 Elster S.r.L. applied to NMI for approval of its quality system for conformity assessment of Electronic Volume Conversion Devices according conformity assessment procedure module D of the Directive 2004/22/EC (later 2014/32/EU). An initial assessment was performed on 30 November 2011 on the premises of Elster S.r.L., Italy to verify compliance of the quality system with the criteria of the directive. On basis of this assessment NMI approved the quality system with Certification CE-169 on 30 November 2011.

In November 2020 we received an email which informed us that the two products (EK 155 and EK 280) involved in the Module D have been phased out and are not anymore in production with no actual plan for substitution.

In reply to this email the **Certification Board of NMI Certin B.V. decided to cancel the certification CE-169 of Elster S.r.L.** According Annex D item 7 of the directive, NMI shall inform its authorities and ask them to inform the Member States of the EU about its decision.

As result of this decision, it is not allowed for Elster S.r.L. to place instruments on the market with reference 0122 to the CE marking after 14 December 2020.

If you have any questions, please do not hesitate to contact me.

With kind regards,
NMI Certin B.V.

M. Boudewijns
Manager Certification Board
