Subject  
Cancellation of CE-264

Dear Mr. Ferrazza,

In October 2016 e-distribuzione S.p.A. later Gridspertise S.r.L. applied to NMI for approval of its quality system for conformity assessment of measurement systems for Active Electrical Energy Meters (MI-003) according to conformity assessment procedure module D of the Directive 2004/22/EC, later 2014/32/EU.

An initial assessment was performed on 17 November 2016 on the premises of Flextronic Manufacturing S.r.L., production location of e-distribuzione S.p.A., Italy to verify compliance of the quality system with the criteria of the directive.

On basis of this assessment, NMI approved the quality system with Certification CE-264 on 14 December 2016.

On 28 February 2023, you send us an email in which you informed us that you have decided not to continue with your module D certification.

In reply to the abovementioned, the Certification Board decided to cancel the module D certification with number CE-264 of Gridspertise S.r.L., Italy. According to Annex D item 7 of the directive, NMI shall inform its authorities and ask them to inform the Member States of the EU about its decision.

As result of this decision and as a result of the expired certificate, it is and was not allowed for Gridspertise S.r.L., Italy to place instruments on the market with reference 0122 to the CE marking after 14 December 2022.

If you have any questions, please do not hesitate to contact me.

With kind regards,  
NMI Certin B.V.

M.Ph.D. Schmidt  
Manager Certification Board
