Subject
Withdraw CE-122

Mrs. Sofia Panagiotidou,

On 22 November 2009 Enimex S.A. applied to NMI for approval of its quality system for conformity assessment gas meters according conformity assessment procedure D of the Directive 2004/22/EC. An initial assessment is performed on 22 October 2009 at the premises of Enimex to verify compliance of the quality system with the criteria of the directive. On basis of this assessment NMI approved the quality system with Certification CE-122 on 21 July 2010.

According the procedure Annex D item 4, NMI shall ensure that manufacturer duly maintain and apply the approved quality system by performing periodical audits. The manufacturer shall grant NMI access for inspection purpose to the manufacture, inspection, testing and storage premises and shall provide it with all necessary information on its quality system documentation and quality records.

On 7 December 2010 a surveillance audit is performed to ensure compliance and a next surveillance is scheduled on 8 November 2011. To establish this inspection audit, NMI contacted Enimex several times in writing that advanced payment shall be made in order to arrange travel to the premises of Enimex. The letter of 21 October 2011 (ref EM11 1200698101) informed you that in case payment is not made before 24 October 2011, negative advice for continuation of the certification will be given to the certification board of NMI as no audit can be performed.

As Enimex does not comply with the obligations mentioned above, **the board decided to withdraw certification CE-122 of Enimex.** According Annex D item 7 of the directive, NMI shall inform its authorities.

As result of this decision it is not allowed for Enimex to place instruments on the market with reference 0122 to the CE marking after the date of issue of this letter. To appeal against this decision I refer to the enclosed appeal procedure.

NMI Certin B.V.

C. Oosterman
Head Certification Board
